

Walk the Plank in Southern Indiana

At Dagaz Acres, just west of Cincinnati, the Pirate Bridge is just one part of the most exciting Zip Line Canopy Tour in the region. On this ravine-crossing swinging bridge, you can catch your breath from the speed of the ziplines and take in the view. But don't worry, at 90 feet long and tree-top high, walking the planks of this state-of-the-art suspension bridge will give you just enough spring, swing and wiggle to keep the adventure and the smiles going.

Safe fun for youths, seniors, groups and families. Come on out and experience the once-in-a-lifetime zip lining adventure at Dagaz Acres!

Included on the following courses:

[The Premier Zip Line Course](#)

[The Ultimate Zip Line and Canopy Course](#)
